

PHAN CONG CHAU

Frontend Developer

✉ congchau206@gmail.com ☎ 0703-913-350 🌐 github.com/Cong-Chau 🌐 cong-chau.github.io/Portfolio/ 🏠 Ho Chi Minh City

CAREER OBJECTIVE

"To become a professional Frontend Developer and advance to Fullstack Developer."

ABOUT ME

IT student passionate about frontend development. Experienced in React.js and Tailwind CSS. Constantly learning with the goal of becoming a Fullstack Developer.

EDUCATION

Bachelor of Information Technology

University of Science - HCMC

📅 2022 - 2026 (Expected)

GPA: 3.1/4.0 — Major: Information Systems

TECHNICAL SKILLS

Languages: HTML5 • CSS3 • JavaScript

Frontend: React.js • Tailwind CSS

Backend (Basic): Node.js • Express.js

Tools: GitHub

PROJECTS

Restaurant Management System

📅 11/2024 - 12/2024 🌐 github.com/Cong-Chau/Restaurant

Manages food ordering, table booking, menu, and revenue using MVC pattern.

Contributions: JWT authentication, login/signup, order processing.

Tech: Handlebars, Node.js, Express.js, MySQL, Bootstrap, REST API

Video Generation Platform

📅 5/2025 - 7/2025 🌐 github.com/Cong-Chau/GenerateVideo

AI-powered video generation from text: Text-to-Speech, image conversion, auto subtitles.

Contributions: UI for signup/login, video generator, API integration, responsive design.

Tech: React.js, Tailwind CSS, MongoDB, Cloudinary, FFmpeg

Portfolio Website

📅 7/2025 🌐 github.com/Cong-Chau/Portfolio

Personal website showcasing skills and projects. Supports **dark/light mode**, bilingual **English - Vietnamese**, and transition effects.

Contributions: UI design, dark mode, multilingual support.

Tech: React.js, Tailwind CSS.

SOFT SKILLS

Creative thinking • Teamwork • Self-learning • Problem-solving • Responsibility • Tech curiosity

HOBBIES

UI/UX Design • Learning new technologies • Blogging • Reading • Football • Strategy games

LEARNING GOALS

Short-term (6 months): Master React and advanced JavaScript, learn TypeScript, backend with Spring Boot, REST API, MongoDB, and join real-world projects.

Long-term (1-2 years): Become a Fullstack Developer, explore Cloud (Firebase, Cloudinary), build personal products, and seek career growth.

CERTIFICATION

VSTEP B1: 5.5/10 (2025)
